Jim the Penman At the opera house on Saturday evening, one of A. M. Palmer's companies appeared in that great success "Jim, the Penman." It was something of a relief to get a good attraction like this after some of the miserable dramatic companies that we have had, The result was that the people turned out in force, and when the ourtain rang up there was a large and fashionable audience pres ent. In fact, it was the best show in the house the present season. Last season the play was presented with great success, but the company of Saturday evening was fully as strong, if not better. F. C. Bangs, the eminent and popular actor, appeared in the part of James Ralston. The ability of this gentleman is well known. He has been playing this character for eight weeks, and his impersonation is believed by most people to be superior to that of any other that has been seen in the role. Mr. Bangs has been surrounded by a company that is strong throughout and those especially worthy of praise are Wright Huntingdon as Louis Percival, Frank Norcross as Capt. Redwood, J. L. Ottermyer as Baron Hartfeld, Miss Jennie Eustace as Nina, and others.

M NORTH QUEEN ST. FLOUR IS STILL ADVANCING!

To have FINE, WHITE , WHOLESOME and LIGHT BREAD you must have fine flour. Is not that a fact? THE "PEARL" FLOUR

Is decidedly one of the finest and very best made by Koller Process. It is equal, and in some respects superior, to any so-called Patent Flour-Western or Eastern. This is the testimony of all who have tried it—in short, it has no superior anywhere. We get it direct from the manufacturer by the ton and thus save the purchaser the agents' profits. Through agents hands this flour would sell at least at 80c. We sell it at present at only 69c a quarter. THE "ARBUTUS"

Is another good but lower grade Flour. It gives very good saits action and at the pres-ent price is the cheapest Flour now in the war Ret. It is fall Roller Process and only 53c a

HELVETIA! **HELVETIA I**

UMBRELLAS.

"And what is this Heivetia Umbrella you offer with gold and silver caps at \$1.50?" we are asked. We'll tell you Heivetia is a finely finished umbrella cloth, gotten up in imitation of Gloria cloth. It looks so much like the latter that it requires an expert to tell the difference. Gloria is made of silk and linen, white Helvetia silk and cotton. It wears first-rate and will give satisfaction. There are 10! Helvetia sold to one Gloria, yet un-crupulons dealers persist in calling Helvetia Gloria. The manutacturers frequently bill the Helvetia as Gloria and in this way the retailer can quiet his conscience. When you are offered what is called a Gloria Umbralla with gold cap at \$1.75. or anything like this price. don't believe it is senuine Gloria. It lin't Gloria can't be sold for that, Gloriosa can. It is an Helvetia.
